COLLECTION

Join us in the exploration of the beautiful underwater world.

In 1969, SAEKODIVE was born, and after 54 years, the Taiwan-based company has established its dominance in the global scuba diving community. SAEKODIVE has become a pioneer in the manufacturing and distribution of superior diving equipment. 90% of our products are exported worldwide, including Asia, America, Europe, Africa, and Oceania, and the other 10% are sold in the domestic market of Taiwan.

SAEKODIVE has committed itself to deliver advanced products to constantly set higher industry standards. Our continuous investment in innovation, R&D, and staff training enables SAEKODIVE to consistently deliver products of the highest quality as well as satisfying our customers. Our mission is to not only make our products **affordable and easier to use**, but also to make diving more enjoyable through our **superior and innovative products**.

HIGH-TECH GEARS

8770 Regulator

Color Available:  EK

- Net weight: approx. 1060g/set

8701 First Stage: CE approved

- Adjustable balanced diaphragm
- Two high pressure and four low pressure ports

8517 Second Stage

- Second stage with a 27" black braided hose
- Pneumatically balanced design
- Dive / Pre-dive switch and adjustment knob
- Integrated purge button
- Anodized aluminum cover ring
- Black silicone mouthpiece with eminent ripples

- Weight (without hose): 210g
- Dimensions (front profile): 6.8 cm (approx.2.67")
- Factory set inhalation effort: 1.1 CIW

8760 Regulator

Color Available:  RK

- Net weight: approx. 1040g/set

8701 First Stage: CE approved

- Adjustable balanced diaphragm
- Two high pressure and four low pressure ports

8515 Second Stage

- Second stage with a 27" black hose
- Balanced design
- 30-degree inline swivel
- Adjustable inhalation effort with knob
- Adjustable Pre-dive/Dive switch

- Weight (without hose): 189g
- Dimensions (front profile): 6.8 cm (approx.2.67")
- Factory set inhalation effort: 1.1 CIW

7620 Regulator

Color Available:  RK

- Net weight: approx. 1060g/set

7601 First Stage

- Piston design
- One high pressure and three low pressure ports

8515 Second Stage

- Second stage with a 27" black hose
- Balanced design
- 30-degree inline swivel
- Adjustable inhalation effort with knob
- Adjustable Pre-dive/Dive switch

- Weight (without hose): 189g
- Dimensions (front profile): 6.8 cm (approx.2.67")
- Factory set inhalation effort: 1.1 CIW

REGULATORS

DIN
AVAILABLE

8517 SK500 Second Stage

Color Available:  EK

- Second stage with a 27” black hose
- Pneumatically balanced design for superior performance at depth
- Oversize adjustment knob makes it easy to adjust the breathing effort in cold water whilst wearing gloves
- Large venturi lever for Dive/Pre-dive adjustment, makes it easy to locate and use for preventing free-flow during shore entries or long surface swims
- Optimized for use in cold water, through deeper metal ribs in the connection area to dissipate the cold and draw the warmth from the water
- Unique black silicone mouthpiece with eminent ripples alleviates overall jaw fatigue during the dive
- Pre-positioned front cover ring holes which ensure ease of serviceability after heavy use
- Specially engineered purge shapes and vents prevent diaphragm surge in currents
- Ergonomic exhaust channels bubbles away from interfering with field of vision
- Integrated purge button
- Anodized aluminum cover ring
- Ideal choice for the most rugged of diving conditions

- Weight (without hose): 210g
- Dimensions (front profile): 6.8 cm (approx.2.67”)
- Factory set inhalation effort: 1.1 CIW

8515 SK100

Colors Available:  RK /  Y

- 8515RK
- Second stage with a 27” black hose
- 8515Y
- Octopus with a 36” yellow hose

- Balanced design for super smooth breathing performance and reliability
- Adjustable inhalation effort with knob, allows diver to customize inhalation effort
- Simple venturi switch on top for easy Dive/Pre-dive adjustment to prevent free-flow during shore entries or long surface swims
- Comfortable black silicone mouthpiece reduces overall jaw fatigue during the dive
- Pre-positioned front cover ring holes which ensure ease of serviceability after heavy use
- Specially engineered purge shapes and vents prevent diaphragm surge in currents
- Side-flow design prevents bubbles from interfering with field of vision
- Integrated purge button
- Anodized aluminum cover ring for RK 2nd stage
- Ideal choice for the most rugged of diving conditions

- Weight (without hose): 189g
- Dimensions (front profile): 6.8 cm (approx.2.67”)
- Factory set inhalation effort: 1.1 CIW

8516 SK10 Octopus

Color Available:  Y

- Octopus with a 36” yellow hose
- Comfortable mouthpiece and light weight design reduces overall jaw fatigue during the dive
- Pre-positioned front cover ring holes which ensure ease of serviceability after heavy use
- The downstream demand valve design gives you a device with high airflow and seamless breathing
- Specially engineered purge shapes and vents prevent diaphragm surge in currents
- Ideal choice for the most rugged of diving conditions
- Bright yellow cover ensures its high visibility for any emergency situation

- Weight (without hose): 155g
- Dimensions (front profile): 6.8 cm (approx.2.67”)
- Factory set inhalation effort: 1.2 - 1.4 CIW

NEW

6300 Console

Color Available: ■ K

- 70-meter depth gauge
- Reliable and easily readable
- 400 bar pressure gauge
- Small volume and light weight
- Compass with high angle tilt
- Easily attachable modules
- Braided HP hose

• Dimensions: 16.5 x 5.9 cm
• Weight: 297.5 (with hose)

NEW

6550 Wrist Compass

Color Available: ■ K

- Stylish compass with high angle tilt
- Comfortable wrist-band
- High precision and readability
- Prominent pointer for front and side reading

• Weight: 83.9 g

NEW

6210 Pressure + Depth Gauges

- Small and compact
- Comfortable wrist-band
- High precision and readability

5560 Compass with Hose Mount

Color Available: ■ K

- Red lubber line for front-reading accuracy
- Prominent pointer for front and side reading
- Hose mount can be attached to any regulator hose

5570 Wrist Compass

Color Available: ■ K

- Comfortable wrist-band
- High accuracy and readability
- Prominent pointer for front and side reading

BCD

9000 Cyclone

Color Available: ■ K

- **Hard backpack**
- **Adjustable cummerbund**
- **Easy-to-adjust shoulder straps**

The 9000 Cyclone is made out of 1000 Denier Cordura Nylon with PU Coating. Its adjustable and releasable shoulder straps, which are free standing, simplify don and doff operations and contain no air. These shoulder straps and the comfortable adjustment cummerbund contribute to an enjoyable and mesmerizing dive.

- **Single tank belt**
- **Standard buoyancy**
- **Hose clamp and inflator included**
- **Lift capacities (size/kg of lift):**
XS/12.0, S/14.0, M/17.0, L/22.0, XL/27.0

Size	Height (cm)	Weight (kg)
XS	150 - 160	45 - 55
S	155 - 170	55 - 65
M	170 - 180	65 - 75
L	175 - 185	75 - 85
XL	180 - 190	85 - 100

9710 Tornado

Color Available: ■ EB

- **Superb lift capacity**
- **Compact power inflator**
- **Specially designed height-adjustable chest strap**

By integrating weight pockets into the buoyancy system, the 9710 Tornado provides unprecedented balance and comfort for divers. Its revolutionary design prevents the diver from being pulled into different directions, making it easier to achieve perfect buoyancy. This product is made out of 1000 Denier Cordura, which is light yet strong. Features two weight-integrated pockets, a single tank belt, and 7 stainless steel D-Rings. The 9710 Tornado also comes equipped with a reflective panel for safety and signal purposes and a cushioned collar that prevents agitation to a bare neck.

- **One waist strap and one chest strap**
- **A zip bag on the front cummerbund**
- **One sling strap for carrying the BC Jacket easily**
- **Two weight integrated pockets can hold up to 5 kg each**
- **Two extra back weight pockets can hold up to 2.5 kg each**
- **Over pressure / dump valves placed on shoulder and lower right side**
- **Lift capacities (size/kg of lift):**
XS/12.0, S/14.0, M/17.0, L/22.0, XL/27.0

Size	Height (cm)	Weight (kg)
XS	150 - 160	45 - 55

M-2206 Series

Colors Available for M-2206KS:  K

M-2206G:  CA

M-2206 series mask features in low-volume profile, with the extremely hydrodynamic and compact shape. The small frame design reduces resistance in the water and improves stability, especially when diving in a strong current. This mask is available in a variety of colors. The special camouflage color is for the divers easier to hide in the environment.

- Ideal for spearfishing, apnea, and even as a spare mask for its small size
- Hydrodynamic shape allows you to cut through water
- Double-lens design to achieve minimal internal volume
- Buckles inserted in the body of skirt for better fit
- Push-button buckles for easy strap adjustment
- Tempered glass lens for durability

- M-2206KS-K: Black frame with black silicone skirt and strap
- M-2206G-CA: Camouflage frame with hunter green silicone skirt and strap

LENS GUIDE

- Saekodive UV Technology guarantees
- Optical multi-coating on HD tempered glass
 - Same performance as the industry best
 - Affordability and high quality

Our newly developed UV CUT 400nm lens offers an excellent rate of UV protection, blocking at least 98% of the UV radiation that is harmful to our eyes and skin. Made with an optical multi-coating technology, the glasses improve underwater vision and increase color vibrancy using high grade lenses. These lenses reduce light glare, increase depth perception underwater, and define the visibility of red and yellow that are normally lost at depth. Under the sunlight, Saekodive UV CUT lenses function as sunglasses mirrored in indigo color, making them protective and eye-catching.

Tempered Glasses

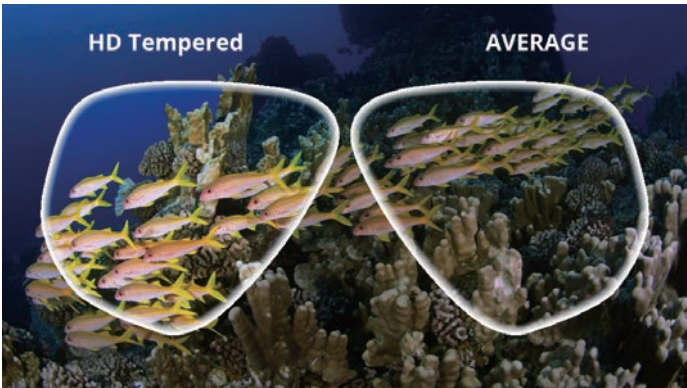

- Lenses made of tempered glasses
- Under close quality control
 - To ensure safety and durability

OP Lens

- We offer lenses to serve the needs of all divers
- Optical lens from -1.0 to -7.0 in 0.5 increments
 - Optical lens from -8.0 to -10.0 in 0.5 increments
 - Hyperopia lens from +1.0 to +4.0 in 0.5 increments
 - Hyperopia lens from +4.5 to +6.0 in 0.5 increments
 - Presbyopia lens from +1.0 to +4.0 in 0.5 increments
 - Upper myopia lens from -1.0 to -4.0 in 1.0 increments with lower plain lens
 - Upper myopia lens from -1.0 to -3.0 in 1.0 increments with lower presbyopia from +1.0 to +3.0 in 1.0 increments

- Quick-release snorkel holder
- Adult size silicone mouthpiece and PVC soft pipe
- Maximum air intake and minimum residual water

- Inner diameter: 20mm
- 1041S: Clear silicone mouthpiece
- 1041KS: Black silicone mouthpiece

- Quick-release snorkel holder
- Kids size silicone mouthpiece and PVC soft pipe
- Maximum air intake and minimum residual water

- Inner diameter: 20mm
- 1141S: Clear silicone mouthpiece
- 1141KS: Black silicone mouthpiece

1046 Series

PAT. 158629

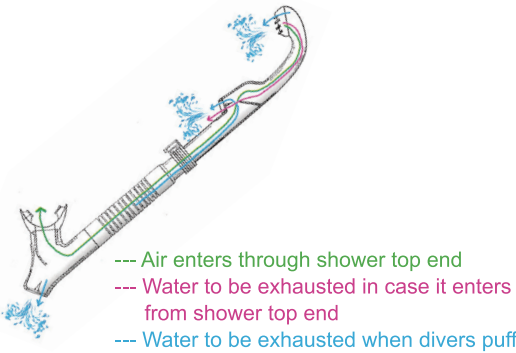

Colors Available: B / BT / K / FY / FG / E

This patented snorkel features three vents and twin baffles for easy water drain. The first vent is a side chamber with a downward outlet that contains a mounted valve. The second vent is a mounted valve located on the bottom of the Y-branch chamber that allows water to be easily drained with an effortless puff. The third vent is located on the top of the snorkel and is uniquely designed to prevent water from entering.

The first baffle is suspended inside the side chamber to guide the exhaled water toward the first valve. The second baffle is suspended inside the Y-branch chamber to also guide the exhaled water toward the first valve. Before using, turn the shower tube backward 90 degrees to get the best water draining effect.

- Quick-release snorkel holder
- Maximum air volume intake and exhaust valve
- Corrugated flex joint and mouthpiece made with high quality silicone

- 1046S: Clear silicone mouthpiece and clear silicone corrugated flex joint
- 1046KS: Black silicone mouthpiece and black silicone corrugated flex joint

1052 Series

Colors Available: B / BT / K / C / FY / FG / P / R / KT / YT

- Large bore tube for easy clearing
- Exceptionally comfortable with swivel mouthpiece
- Large capacity drain chamber and PVC soft pipe

- Inner diameter: 20 mm
- 1052: Rubber mouthpiece and PVC snorkel holder
- 1052S: Clear silicone mouthpiece, quick-release snorkel holder
- 1052KS: Black silicone mouthpiece, quick-release snorkel holder
- 1052P: PVC mouthpiece and PVC snorkel holder

1057 Series

PAT. 218445

Colors Available: B / BT / K / C / FY / FG / P / CB / CBT / CK / CFY

These snorkels come equipped with a suspended baffle inside the dry top that directs splashing water towards the side valve. Reduced residual water in the barrel and flat tube for minimal water resistance.

- Patented semi-dry top system
- Dotted mouthpiece and corrugated flex joint
- Maximum air volume intake and exhaust valve

- 1057S: Clear dotted silicone mouthpiece and clear silicone corrugated flex joint
- 1057KS: Black dotted silicone mouthpiece and black silicone corrugated flex joint
- 1057Q: Clear dotted silicone mouthpiece and clear PVC corrugated flex joint

1157 Series

PAT. 218445

Colors Available: B / BT / K / C / FY / FG / P / CB / CBT / CK / CFY

- Patented semi-dry top system
- Dotted mouthpiece and corrugated flex joint
- Maximum air volume intake and exhaust valve

- 1157S: Clear dotted silicone mouthpiece and clear silicone corrugated flex joint
- 1157KS: Black dotted silicone mouthpiece and black silicone corrugated flex joint
- 1157Q: Clear dotted silicone mouthpiece and clear PVC corrugated flex joint

1156 Series

Colors Available: B / BT / K / KT / C / FY / FG / P / R / YT

- Superior comfort
- Swivel mouthpiece and PVC soft pipe
- Easy clearing, large capacity drain chamber

- Inner diameter: 20 mm
- 1156S: Clear silicone mouthpiece, quick-release snorkel holder
- 1156KS: Black silicone mouthpiece, quick-release snorkel holder
- 1156P: PVC mouthpiece and PVC snorkel holder

DS1207S

Colors Available: BT / KT / W

- Minimum water entry and easy clearing
- Full-dry top valve seals breathing tube when submerged
- High-quality silicone mouthpiece and flexible lower bore provide comfort

- DS1207S: Clear silicone mouthpiece and clear silicone flex tube

1257 Series

Colors Available: ■ B / ■ BT / ■ K / ■ C
■ FY / ■ FG / ■ P / W

- Dotted mouthpiece and corrugated flex joint
- Maximum air volume intake and exhaust valve

- 1257S: Clear silicone mouthpiece, quick-release snorkel holder
- 1257KS: Black silicone mouthpiece, quick-release snorkel holder

S-559 Series

Colors Available for S-559S: ■ BT / ■ FY
S-559KS: ■ K

This snorkel is lightweight and extremely comfortable for children. It maximizes air volume intake and exhaust valve. The semi-dry top also allows less water to enter the tube.

- Semi-dry top system
- Simple and effective snorkel holder
- Easy clearing, large capacity drain chamber

- S-559S: Clear silicone mouthpiece
- S-559KS: Black silicone mouthpiece

S-1134 Series

Colors Available for S-1134S: ■ B / ■ K / ■ FY / W
S-1134KS: ■ B / ■ K / ■ FY

- Full-dry top valve seals breathing tube when submerged
- High-quality silicone mouthpiece provides comfort
- Flexible lower bore reduces jaw fatigue

- S-1134S: Clear silicone mouthpiece and clear silicone flex tube
- S-1134KS: Black silicone mouthpiece and black silicone flex tube

NEW 2960 Freediving Fin

- Designed for freediving and spearfishing
- Lightweight and powerful
- Floating design makes the fins easy to be retrieved when they are separated from the diver's foot
- Made of ultra-comfortable TPR with PP composite material for best comfort and power transmission
- Multiple channels to create significant water flow and increase thrust
- Comfortable foot pocket with open toe design
- Comes with 7130 Freediving Fin Bag

- Dimensions: 90.2 cm x 21.85 cm
- Weight (size M): 765 g/pc

2950 Tattoo Freediving Fin

- An excellent choice for free-divers and spear-fishermen who are looking for a super soft, comfortable and reactive fins
- Engraved marine tattoo on blade’s center channel makes your fins unique and best looking
- Floating design makes the fins easy to be retrieved when they are separated from the diver’s foot while free-diving
- High-quality flexibility blade that facilitates excellent agility and performance
- The top and bottom of blades have functional laid out grooves and rails to provide the most efficient propulsion
- Super light-weight design reduces leg fatigue. It feels like the natural extension of diver’s feet as they effortlessly propel you through the water
- This fin is made of ultra-comfortable TPR and PP composite materials for best comfort and power transmission
- With non-woven shoulder bag

2315-2318 Rubber Fin

A must-have for all divers. Being one of our most popular fins, this fin is now available in a variety of colors, including our newest color Camo (CA-G). The fin is made of high quality rubber that ensures durability. It comes with 1875 Spring Fin Strap, which consists of stainless clips, easy-grip loop, and angled strap mount for unparalleled heel comfort. This is a classic fin that delivers a great amount of power with the least effort.

- High quality rubber fin that is both powerful and durable
- Decreases drag on the upward kick and enhances thrust on the downward kick
- Hydro-dynamic design with vents offers maximum efficiency, mobility, and propulsion

2510 Maratea

PAT. M507285

The Maratea’s multi-composite blade is very stable, highly maneuverable, and agile when kicking. The combination of the different materials on the blades provides great blade flex and allows you to maintain exceptional stability. The large, stiff side rails and the two center ribs channel water down the blade to increase your kicking efficiency. The low-profile foot pocket eliminates drag and turbulence and the specially designed pattern on the bottom of the foot pocket provides great comfort and prevents you from skidding. The heavy-duty strap has a large heel tab for grabbing onto when putting the fin on.

- Hydro-dynamic and modern design
- Deep foot pocket relieves ankle pressure
- Drag-reducing vents decrease resistance
- Achieve higher performance with less exertion
- Additional slider on end of blade increases overall blade length by 3 cm to enhance propulsion

Extendable blade

AL-13 Series Strobe Light

Colors Available: ■ K / ■ FY / ■ O

- High intensity
- Simple rotary switch
- Lanyard for easy carrying
- Easy-to-grip housing

- Housing: Plastic
- Battery: 2 x Alkaline AA-cell, not included
- Bulb: Cree XML2-U4 / Luminus
- Length: 16 cm
- Flash rate: 34~40 times per minute

- AL-13: Swivel switch
- AL-13S: Magnetic switch

AL-14 LED Flash Light

Color Available: ■ R

- High intensity
- The best choice for signal purpose
- Notable to draw attentions
- One of the essential tools while diving to avoid accident of missing
- Easily attachable to BCD with plastic hook

- Housing: Plastic
- Battery: 2 x Alkaline AA-cell
- Bulb: LED
- Burn time: 100 hours
- Length: 16 cm
- Waterproof: 60 m
- Magnetic switch

DAL15A LED Strobe Light

Colors Available: ■ K / ■ O

- Use to maintain contact in dark or limited light
- Convenient & handy sized for carrying
- Strobe is visible about 3 kilometers
- Attachable Velcro strap included

- Housing: Plastic
- Battery: 3 x Alkaline AA-cell, not included
- Bulb: Luminus
- Burn time: 72+ hours
- Strobe brightness: 500+ lumens
- Flash rate: 36~40 times per minute
- Dimensions: 12 cm x 5 cm (L x Dia.)
- Waterproof: 60 m

DAL300A 2-in-1 LED Strobe and Torch

Colors Available: ■ K / ■ O

- Use to maintain contact in dark or limited light
- Convenient & handy sized for carrying
- Strobe is visible about 3 kilometers
- Attachable Velcro strap included

- Housing: Plastic
- Battery: 3 x Alkaline AA-cell, not included
- Torch bulb: Cree XPE-R2
- Torch burn time: 6+ hours
- Torch brightness: 130+ lumens
- Strobe bulb: Luminus
- Strobe burn time: 72+ hours
- Strobe brightness: 500+ lumens
- Flash rate: 36~40 times per minute
- Dimensions: 13.7 cm x 5 cm (L x Dia.)
- Waterproof: 60 m

AL-16LED-1C3D

Color Available: █ K

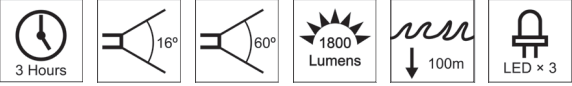

- Wrist lanyard included
- Pistol grip, double O-Ring seal, safety lock switch
- Housing: Plastic

AH-32 / AH-46 Velcro Strap

- Length: 32 cm / 46 cm

1660 Torch Adapter for Mask

- Allows you to mount AL-79 Mask Torch onto mask strap
- An innovative mask attachment clip for fastening a small torch (2 cm diameter) to most mask straps

AB-18650

Color Available: ■ K

- Compatible with the 18650 Lithium Ion battery from dive lights
- Can be charged via charger adaptor, car charger and laptop

- Fits with different capacity of 18650 Li-ion battery (the Li-ion battery is not included)
- Net weight: 41 g

AH-20 Light Handle

1560 Torch Adapter for Mask

- Lightweight and very sturdy
- Allows torch to be attached to mask strap
- Quick-release buckle for easy attachment

- Easily adjusts loop from 2.0 cm to 3.6 cm in diameter
- Compatible with SAEKODIVE torches:
AL-30LED Neutron, AL-76LED Aquarius, AL-79 Zeta

AH-17 Hand Mount

Color Available: ■ K

- Allows for handsfree dive light
- Protects dive light from rubbing
- Attachable Velcro strap included

AL-21 Lanyard

Colors Available: ■ O / ■ B / ■ FY / ■ FG / ■ K

BAGS

NEW 7130 Freediving Fin Bag

- Simple fin bag with shoulder strap and a stopper
- Material: Non-woven fabric
- Measurement: 99 cm x 33 cm

7105 / 7106

- Perfect for washing away sand and brine
- Durable zippers included
- Material: 420D Nylon with internal PU coating
- 7105 (Large): 40 cm width x 40 cm height x 80 cm length
- 7106 (Small): 30 cm width x 30 cm height x 70 cm length

7107

- Easily foldable (15" diameter)
- Easily operable
- Perfect for washing away sand and brine
- Durable zippers included
- Material: 420D Nylon with internal PU coating
- Measurement: 38 cm width x 38 cm height x 67 cm length

7110 Freediving & Spearfishing Fin Bag

This 7110 Freediving bag is sized large enough to fit Saekodive Freediving Fin, along with your mask & snorkel.

- Designed for long blade fins
- Top handle and adjustable shoulder strap
- With mesh on front side and a drain hole on bottom
- Measurement: 25.5 cm width x 17.5 cm height x 94.5 cm length

7108

- Shoulder strap included
- Main pocket holds XL SAEKODIVE fins
- Outer pockets hold both mask and snorkel

6620 Windproof Neoprene Hooded Jacket

It can be worn after boat diving or on a beach after a cold day surfing, paddling, or wakeboarding. It is long enough to keep your core body warm and dry. Its two deep zippered pockets and adjustable Velcro cuffs can keep your hands warm as well. Hooded design prevents heat loss on head and neck. Convenient large front zipper for ease of putting on and taking off.

- 2 mm Neoprene Nylon Hooded Wetsuit Jacket keeps you warm between and after dives
- Water-resistant and windproof from mesh skin with grain on the outer surface
- Sewn with flat-lock stitching, the seams will not leave blemishes on your skin

7750 Wetsuit

Made out of 3 mm Neoprene Nylon, this wetsuit ensures extreme comfort and flexibility. SAEKODIVE has designed the shoulder areas to be abrasion-resistant and has equipped the 7750 Wetsuit with five zippers (back, ankles, and wrists) to facilitate donning and doffing operations. The wetsuit also comes with a smooth skin chest panel.

- 3 mm Neoprene Nylon
- Flat-lock seam
- Easy donning and doffing

- 7750-1: Male jumpsuit
- 7750-2: Female jumpsuit

7750-1R

7750-2

7800 Wetsuit

The 7800 Wetsuit is made of high quality CR grade neoprene to guarantee divers a flawless fit and extreme comfort. SAEKODIVE has applied the uniquely designed neoprene material to key areas such as the neck, shoulder, underarm, ankle, and the wrist to deliver great freedom of movement. On the shoulders and the knees, you will find an abrasion-resistant panel and a soft skin panel on the chest area.

- 3 mm Neoprene Nylon wetsuit
- Ultra-stretch, exceptional comfort
- Easy donning and doffing due to ultra-stretch neoprene

- 7800-1: Male jumpsuit
- 7800-2: Female jumpsuit

 - AS-127: 5 qty (NBR 70)

AP-0001A Intermediate Pressure Checker

- Use above water only
- Dual dial: 0 to 210 psi and 0 to 15 bar

AP-0003A Tank HP Pressure Checker

AP-0008 Twin Tank Valve

- Centerline distance: 213 mm
- Threads: 3/4" - 14NPSM

AP-0013 Tank Filler Assembly

- Push button bleeder

DIN AVAILABLE

AP-0016 Din to Yoke Converter

AP-0002A 2nd Stage Adjustment Tool

AP-0003A-1 High Pressure Gauge Replacement

- The gauge for AP-0003A
- Dual dial: 0 to 5500 psi and 0 to 400 bar
- Size: 7.3 cm (2.8") diameter
- Threads: 1/4" - 18 male NPT
- Use above water only
- With rubber boot to protect the gauge from mild impact

AP-0012 Tank Filler Assembly

- Shut-off switch
- Push button bleeder

DIN AVAILABLE

NEW AP-0033 Tank Valve

- Cylinder neck thread: 3/4" - 14 NPSM
- Valve outlet: standard Yoke, with a spin-out DIN G 5/8 thread insert converts to 230 bar DIN outlet
- Oxygen Compatibility: Clean for pre-blended enriched air Nitrox up to 40%
- Inlet dust cap and dip tube included

AV-01 Rubber Tank Valve Protector

AV-02 Tank Valve Cap

Colors Available: K / B / FY / FG / P

- Includes cap retainer cord

AV-06 Tank Valve Cap

Colors Available: K / B / FY / FG / P / NX

- Includes cap retainer cord

S-225 Stainless Steel Clip

AR-0-2 / AR-0-2A / AR-0-4 / AR-0-6 Stainless Steel Split

- AR-0-2: includes "S" bend
Inner diameter: 28 mm
Outer diameter: 32 mm
- AR-0-2A: Inner diameter: 29.2 mm
Outer diameter: 32.4 mm
- AR-0-4: Inner diameter: 21 mm
Outer diameter: 24 mm
- AR-0-6: Inner diameter: 15 mm
Outer diameter: 17 mm

AR-41 Reef Hook with Line

- Effortlessly secure yourself to the reef
- Easily attachable to BCD with swivel bolt snap
- Create a hands-free experience for photographers
- Nylon 1.3 m line
- 13 cm reef hook
- 9 cm swivel bolt snap made out of 304 stainless steel

SS-928 / SS-929B Stainless D-Ring

- Corrosion resistant
- Diameter: 6 mm
- Inner width for 2" webbing: 50 mm
- Inner height for easy holding: 45 mm
- SS-928: Flat design
- SS-929B: Bent design

AR-43 Single Hook

- Length: 8.2 cm
- Diameter: 5 mm
- Material: Stainless steel

AR-44 Double Hook

- Length: 8.7 cm
- Diameter: 5 mm
- Material: Stainless steel

NEW AT-09A Tank Rattle

- Loud, clear sound
- Lanyard included
- Overall length: 16.3 cm
- Diameter: 1.9 cm
- Material: 304 S.S.

AT-11 Tank Rattle

- Lanyard included
- Overall length: 10 cm
- Diameter: 2.4 cm
- Material: Brass with anodized chrome

AT-28 Tank Rattle Pointer

- Lanyard included
- Integrated shaker / noisemaker
- Multi-functional pointing stick
- Diameter: 6 mm
- Overall length: 27 cm
- Pointer length: 21 cm
- Material: Brass with anodized chrome

AT-39A Aluminum Pointer

- Pointer length: 34 cm
- Diameter: 8 mm
- Markings at intervals of 2.5 cm, ruler up to 20 cm

NEW AT-41 Tank Rattle

- Loud, clear sound
- Built-in seahorse shaped attachment clip
- Magnetic system to prevent unwanted sounds made when not in use
- With Aluminum removable cap
- Overall length: 15.0 cm
- Diameter: 2.4 cm
- Material: Brass with black coating

NEW AT-09M Tank Rattle

- Loud, clear sound
- Magnetic system to prevent unwanted sounds made when not in use
- Overall length: 16.3 cm
- Diameter: 1.9 cm
- Material: 304 S.S.

AT-27 Scuba Rattle

- Lanyard included
- Magnetic system
- Easily draws other divers' attention
- Overall length: 17 cm
- Diameter: 1.9 cm
- Material: Aluminum

AT-29 Underwater Pointer

- Perfect coil retainer for wrist or BCD
- Pointer length: 30.5 cm
- Diameter: 6.1 mm
- Material: Brass with anodized chrome

NEW AT-42 Tank Rattle

- Loud, clear sound
- Built-in attachment clip
- Magnetic system to prevent unwanted sounds made when not in use
- With Aluminum removable cap
- Overall length: 14.7 cm
- Diameter: 2.4 cm
- Material: Chrome plated brass

AC-01E Fin Holder

- Quick-release clip
- Connect fins directly to BCD

AR-0 Quick-Release Coil Lanyard

AR-09 Cable Wire Coil Lanyard

AR-03 Retractor

- Various applicative uses
- Easily attachable to BCD and all other dive gears

- AR-03A: Auto-lock style with 90 cm Nylon line
- AR-03B: Rebounding style with 50 cm Nylon line
- AR-03C: Rebounding style with 3 m Nylon line

AH-06 Hanger

PAT. 181494

Colors Available: B / Y / K / O

- Two removable end shoulders
- For variety of dive gear and accessories
- Accommodates both Yoke and Din regulators

AC-01I Hose Clip

- Octagon inserts allow for 8 rotatable, fixed positions
- Fix, attach, or mount to various hoses or accessories

AR-08 Quick-Release Coil Lanyard

Colors Available: BT / KT

AR-13 / AR-23 Small Retractor

- Robust retractor
- Multiple applicative uses
- AR-13 rebounding style with 40 cm stainless steel line
- AR-23 rebounding style with 60 cm stainless steel line

- AR-13A / AR-23A: Two durable swivel hooks
- AR-13C / AR-23C : One durable swivel hook and one stainless steel ring

AH-26 / AH-27 Hanger

Colors Available: B / Y / K

AH-33 Wetsuit Hanger

Colors Available: B / Y / K

- Strong, durable plastic
- Perfect for storing heavy wetsuit
- Wide arms to prevent creasing on your suit
- 360° rotatable hanging hook

AH-36 Drysuit Hanger

Colors Available: B / Y / K

- Ideal for hanging the drysuit and regulator set
- Foldable hanger design for minimum storage space
- With L hooks to properly store the hoses
- 360° rotatable hanging hook
- Slide the boots of a drysuit into the slots and hang the suit upside down to dry efficiently
- Dummy cylinder valve for hanging regulator (DIN/Yoke compatible)

4014 Stainless Belt Buckle

- Made out of 304 stainless steel
- Compact design for easy carrying
- Fits weight belts that measure 2.0 mm in thickness

AH-35 Accessory Hanger

Colors Available: B / Y / K

- Multi-purpose diving hanger to dry efficiently
- Hangs your mask, hood, boots, fins, and gloves all at once
- Reduces fabric stress
- 360° rotatable hanging hook

4001 Plastic Belt Buckle

- Unbreakable engineering of plastic
- Fits weight belts (2.4 mm - 3.0 mm in thickness)

4018 Stainless Belt Buckle

- Three slots for 2" webbing belt
- Made out of 304 stainless steel
- Heavy duty design for rugged durability

AW-01 Webbing

Colors Available: ■ B / ■ FY / ■ K

- 50 yards per roll
- Nylon webbing: 2" wide

AW-03 Weight Keeper

- Lead weight "stopper" for weight belts

AW-06 / AW-07 Stainless Webbing Keeper

- AW-06: Two slots for 2" wide webbing, 1.5 mm thick
- AW-07: Two slots for 2" wide webbing, 1.5 mm thick, and serrated teeth for lead weight keeper

AW-06

AW-07

AK-01 Fin Key Ring

- 304 stainless steel key chain
- Size: 10.4 cm x 3.2 cm

AR-10 CPR Pocket Size Resuscitator

- Ergonomic mask shape with soft air cushion
- Highly efficient, low resistance one-way valve
- 15 mm O.D. connector attachable to any standard ventilation and oxygen equipment
- Valve resistance: Less than 4.5 cm H2O
- Dimensions: 135 mm length x 106 mm width x 48 mm height

AW-02 Weight Belt

Colors Available: ■ B / ■ FY / ■ K

- Nylon webbing: 2" wide
- 145 cm with stainless steel buckle

NEW AW-21 Rubber Weight Belt

Colors Available: ■ B / ■ R / ■ K

- Rubber belt with Marseillaise stainless steel buckle
- Ideal for freediving and spearfishing
- Flexible rubber adjusts to wet suits compression at depth, ensuring that the buckle does not slip around the body
- Comfortable design for unrestricted breathing
- Secure grip and quick-pull release stainless steel roller buckle system
- Quality rubber to keep your weights in proper position

- Overall Length: 53.5" (136 cm)
- Width: 1.77" (4.5 cm)
- Thickness: 0.16" (4 mm)

AK-02 Freediving Fin Key Ring

- 304 stainless steel clip
- Size: 12 cm x 3 cm

AR-20 CPR Pocket Size Resuscitator

- One-way valve
- 3M disposable filter
- Mouth-to-mouth piece and pocket box with key ring
- Dimensions: 45 mm width x 50 mm length x 22 mm height

AR-04 Wreck Reel

Colors Available: ■ B / ■ S

- Ideal for cave / wreck diving
- Screw prevents the reel from sliding
- Alloy sustainer and 270 ft (Approx. 82 m) of Nylon line

AR-14 Small Reel

Colors Available: ■ B / ■ S

- Ideal for cave / wreck diving
- Alloy sustainer and 150 ft (Approx. 45 m) of Nylon line

AR-05 / AR-15 Wreck Reel

- Plastic sustainer
- Ideal for cave / wreck diving
- Lightweight and auto-stop design
- AR-05: 270 ft (Approx. 82 m) of Nylon line
- AR-15: 150 ft (Approx. 45 m) of Nylon line

AR-05

AR-15

- Line colors available: W, O, FY For AR-04, AR-14, AR-05, AR-15, AR-06, AR-16, AR-26

AR-06 / AR-16 / AR-26 Finger Reel

- 4" double end SS bolt snap included
- Perfect for launching markings and lifting devices
- Effortless ascents, safety and decompression stops

- Bolt snap material: Bronze or stainless steel

AR-06

AR-16

AR-26

- Reel material: Plastic or stainless steel
- Plastic reel colors available: K, B, O, Y, G
- Line colors available: W, O, FY

AN-02 Deluxe Underwater Notebook

- **Pencil attached to an elastic lanyard**
- **Plastic D-Ring for quick, easy connection**
- **Two Velcro pockets for placing documents**
- Durable 1680D Nylon cover
- 30 sheets of reusable underwater paper

AW-15 Writing Slate

- Three multi-levels
- Arm strap and pencil included

SB-02 Survival Sausage

- **Easily inflatable**
- **Eye-catching orange color**
- **Most essential emergency tool while diving**
- Length: 114 cm • Diameter: 13 cm
- Material: 210 Denier Nylon
- Do not inflate below 30 meters deep

AN-03 Deluxe Underwater Insert Pages

- **30 pages**
- **Size: 10.2 cm x 17.5 cm**

AW-12 / AW-13 / AW-17 Writing Slate

- **Easily attachable to BCD**
 - **Durable ABS material and pencil included**
 - **Makes communications between partners easier**
-
- AW-12 (Standard model): 12.5 cm width x 15.0 cm length
 - AW-13 (Standard model): 21.0 cm width x 29.0 cm length
 - AW-17 (Glow-in-the-dark model): 12.5 cm width x 15.0 cm length

AW-20 Double Level Slate

- Size: 12.5 cm width x 18.5 cm length

SB-06 Signal Tube

- **Pouch included**
 - **Over pressure release valve**
 - **Easily attachable to BCD with swivel clip at bottom**
-
- **Material: 210 Denier Nylon**
 - **Size: 15 cm x 180 cm (6" x 72")**
 - **Can be inflated in three ways:**
 1. Oral inflation
 2. Inflate with BCD hose
 3. Use Duck-bill
 - **The Velcro at the bottom can hold the signal tube when it is deflated and rolled**
 - **Do not inflate below 30 meters deep**
